

HANDS ON LIFTS

Newsletter

St Helena Project

We are currently busy completing our 5th project on St Helena Island. Lifts are currently being installed at two of their buildings. We are proud to be the lift partner of choice for the island and our installation team is enjoying the experience of working on such an historic island.

Broadlands Estate, Polokwane

We have recently completed the installation of one of the numerous jobs we have in Broadlands Estate, Polokwane. We are incredibly happy with the hard work the team has put in and the design of the lift suits this beautiful home. We wish our customer many happy years in their new home and lift!

Our Inaugural Newsletter

Welcome to our first monthly newsletter in which our customers and suppliers can keep up-to-date with our exciting projects. We are thrilled to be embarking on this project.

Should you wish to subscribe to receive these monthly newsletters please drop an email to accounts@handsonlifts.co.za.

We look forward to sharing our work with you! If you are interested in enquiring about a lift, our sales team would be delighted to share our products with you.
