

HANDS ON LIFTS

Newsletter

HANDS ON LIFTS (PTY) LTD BRINGS 25 YEARS OF EXPERTISE IN INSTALLING, SERVICING, AND UPGRADING LIFTS FOR HOMES, OFFICES, AND PUBLIC SPACES.

3rd Private residence in this complex completed.

You would have seen a month ago our one sales executive posted on the progress on one site. Well, here we are proud to display the end product of this beautiful centre piece homelift.

Using our high-speed panoramic passenger lift, custom lift shaft design and large panel glass cladding the results speak for themselves.

Key requirements for a lift.

- Lift installations must be registered with the provincial director and assigned an official number.
- A valid comprehensive report from an inspection service provider is required every 24 months.
- All installations must meet regulatory standards for design, fire protection, and accessibility, including specific requirements for people with disabilities.

Our Inaugural Newsletter

Welcome to our monthly newsletter in which our customers and suppliers can keep up to date with our exciting projects. We are thrilled to be embarking on this project.

Should you wish to subscribe to receive these monthly newsletters please drop an email to accounts@handsonlifts.co.za.

We look forward to sharing our work with you! If you are interested in enquiring about a lift, our sales team would be delighted to share our products with you.
